

PRODUCT INFORMATION

LOD RED HIGH PERFORMANCE DESCALER

HEAVY DUTY HIGH PERFORMANCE

Specially developed for the removal of stubborn, built-up hard water scale.

SAFE FOR YOU AND YOUR MACHINE

Safe for all machine parts, LOD Red is listed with NSF. It has been tested, evaluated passed the most stringent toxicology and corrosivity standards. The ingredients and formulation of the products that are NSF certified are safe, leave no harmful residues and do not cause corrosion within the coffee machine. Safe to use on aluminium, brass and stainless steel.

CAN BE USED ON A WIDE RANGE OF EQUIPMENT

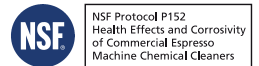

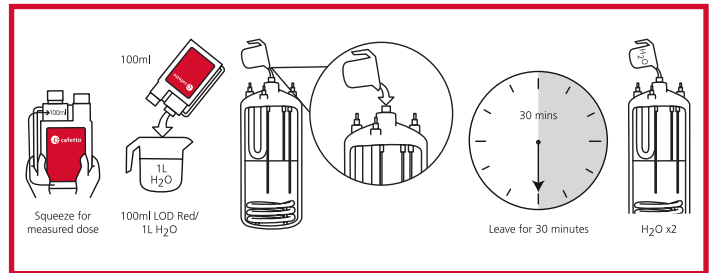

Designed for espresso machine water tank, boilers and coffee brewers, LOD Red can also be used in kettles, urns and bain maries.

UNIQUE BLEND OF ACIDS

Contains a synergistic blend of naturally occurring acids that give outstanding scale removal.

HOW TO USE

- Slightly loosen cap over measuring chamber and ensure other cap is tight.
- Gently squeeze the bottle until reservoir measures 100ml, remove cap and pour from reservoir into jug.
- Add 1L cold water to prepare descaling solution.
- Follow the machine manufacturer's instructions to decalcify, delime or descale the machine.
- Always rinse the machine at least twice with fresh water after decalcifying and before re-filling and reusing the machine.
