

AMC POWDER AUTOMATIC MILK CLEANER

AMC Powder is a specifically formulated cleaning powder for comprehensive cleaning of the milk system in Cafina/Melitta coffee machines

- High performance acidic hard water descaler for removal of both low and high fat milk
- Cleans milk lines, frothers and parts of automatic espresso machines
- Non-corrosive formulation to protect the machine
- Used in conjunction with Cafetto® M35 tablets for cleaning the milk system
- Used daily or weekly in place of M35 tablets
